

AMENDMENTS TO THE SPECIFICATION

Please amend the paragraph beginning on page 7, line 9, as follows:

The communication media typically embody computer-readable instructions, data structures, or program modules, ~~or other data in a modulated data signal, such as a carrier wave or other transport mechanism,~~ and include any information delivery media. ~~The term "modulated data signal" means a signal that has one or more of its characteristics set or changed in such a manner to encode information in the signal.~~ By way of example, and not limitation, communication media include wired media, such as a wired network or direct wired connection, and wireless media, such as acoustic, RF, infrared, and other wireless media. Combinations of any of the above should also be included within the scope of computer-readable media.
